Dear Sir

BUILDING REGULATIONS:

**20 CRAVEN AVENUE EALING LONDON W5 2SX
CONVERSION INTO 3 SELF CONTAINED FLATS AND ASSOCIATED SINGLE
STOREY REAR EXTENSION, ENLARGED DORMER TO REAR AND AND
DETACHED BUILDING FOR BOILER ROOM**

With reference to the proposed use of the multifoil insulation you are advised that confirmation has been received from UKAS that the testing procedure and body is recognised as being of equivalent value to that performed by an UKAS accredited body. I raise no objections to its use in these particular circumstances.

Yours faithfully

Rodger Sworn
