Change the way **you** insulate

Breathable Insulation For Use In Roofs & Walls.

KEY FEATURES

- ✓ SuperFOIL SFBB from our Breathable insulation range offers a 2 in 1 design, providing a reflective breathable membrane and a radiant barrier in 1 product.
- ✓ The breathable membrane helps to prevent the formation of mould & damp by reducing the risk of condensation.
- ✓ All SuperFOIL Breathable membrane products are rated 'W1' for watertightness, ensuring a secondary rain barrier.
- ✓ SuperFOIL's clever design allows easier fitting without any specialist tools and minimal wastage, unlike many traditional insulation types.
- ✓ SFBB, like all our multifoil products, has undergone rigorous testing to ensure that they meet the latest building regulations standards.
- ✓ SFBB is ideal for use in new build & retrofit roofs and walls.
- ✓ When installed next to an airspace, such as a service cavity, SuperFOIL's reflective properties provide excellent thermal insulation properties.

Company Info (UK)

Boulder Developments Ltd,
Boulder Business Park,
Pioneer Way, Lincoln,
LN6 0QR, England.

Company Info (EU)

Boulder Developments Ltd,
1st, 2nd and 3rd Floor,
Joop Geesinkweg 901 999,
Amsterdam, 1114 AB, Netherlands

PRODUCT DIMENSIONS	
Thickness	<1mm
Length (Various)	25m
Width (Various)	1.5m
Weight (Various)	5.4kg

THERMAL PERFORMANCE	
Core	N/A
Roof (inc. air spaces)	0.29 R Value
Wall (inc. air spaces)	0.36 R Value
Floor (inc. air spaces)	N/A
Emittance	0.19

FIRE PERFORMANCE	
Reaction to Fire (Euroclass)	Class F
