

MORE INFORMATION

3 IN 1 DESIGN
INSULATION, VAPOUR CONTROL LAYER & RADIANT BARRIER

EASY TO INSTALL
NO SPECIALIST TOOLS REQUIRED AND THE PRODUCT IS FLEXIBLE & VERSATILE

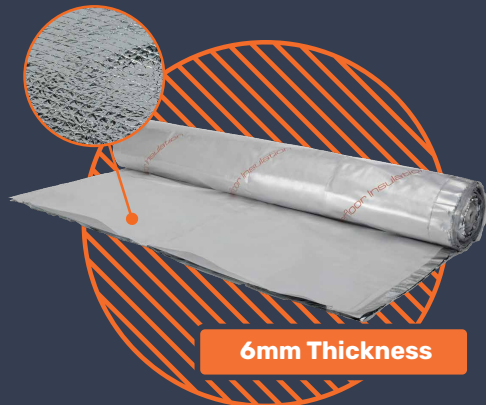

DESIGNED TO DELIVER
CAN BE USED IN STANDALONE OR HYBRID APPLICATIONS

IDEAL FOR USE IN
NEW BUILD, RETROFIT, TIMBER-FRAME, DIY, AND EXTENSIONS

Can be
**Screeded
Over**

SFUF SuperFOIL

CUT TO SIZE SECURE TO SURFACE SEAL WITH TAPE

Our underfloor insulation is created using the most modern technology and exceptionally high standards to help you insulate your property most efficiently. It can also be screeded directly over thanks to the built-in protective layer.

Product Composition	
Reinforced Heavy Duty Double Laminated Foil	2
Aluminium Coated Reflective Foil PET Layers	4
Thermo Foam Separation Layers	6
Polyethylene Protective Layer	1
Total Layers	13

Suitable For The Following Floor Applications:

- Under Screed
- Over Timber Floors
- Over Concrete Floors
- Under UFH

Width: 1.5m

Length: 8m

Coverage: 12m²

CE 13	EN 13984:2013	ID Notified Bodies: KIWA
	Flexible sheets for waterproofing - Plastic and rubber vapour control layers.

Reaction to Fire - NPd
Elongation (Length) - 26/16%
Elongation (Width) - 28/17%
Water penetration - W1
Tensile Properties (Length) - 705N/635N/50mm

Tensile Properties (Width) - 610N/580N/50mm
Resistance to Tearing (Length) - 428N
Resistance to Tearing (Width) - 453N
Flexibility at low temp (Pliability) - -40°C

Key Features:

SuperFOIL SFUF is designed for floors while also suitable for roofs and walls

SFUF is from SuperFOIL's underfloor insulation range, offering insulation, vapour control, and a radiant barrier - all within a single product.

SFUF, like all our multifoil products is designed to deliver. It's great for use in standalone and hybrid applications, helping your project achieve it's full potential.

Built-in protective layer means the top can be screeded without worrying about damage to the insulation.

SuperFOIL SFUF can be installed in combination with other insulation types.

SuperFOIL's clever design allows easier fitting without any specialist tools and minimal wastage, unlike many traditional insulation types.

Ideal for use in new builds, retrofits, and extensions.

Sustainability Pledge

SuperFOIL is a carbon-neutral business dedicated to making a positive impact, both on the environment and in people's lives, by prioritising sustainability at every level of our business: from production to installation.
